# Recommendations For George

### Broker

#### Call Realty Company

"I had a home in a slightly unusual condition, at a very tough time in the real estate market. The home was in the 1.5MM range in the Palos Verdes area and offered the right client a dream home opportunity but I didn't feel it would be an easy home to sell. George came in and short order was exceeding my expectations with masterful usage of the Internet and continual updates on the progress of the home. Not only did he find the right buyer but it he did so with a level of honesty and integrity rarely experienced anymore, a hard working guy. I highly recommend George."

"George was recommended to us through family and he was wonderful! He was always available to show us homes and as soon as we had any questions for the seller, he was right on the phone or email with the other agent. Also,

being first-time homebuyers, George really helped us out by explaining the process each step of the way and he was present at our inspection. He really made us feel more comfortable about buying a home by offering great tips and advice. George and his team worked hard for us during the escrow process and helped make our dream of owning a home come true. We highly recommend him!" July 12, 2010

"I listed my home in 2008 with a realtor other than George and it never sold. They told me the price I wanted to hear and it never moved. When I began talking with George about listing it in 2009 I was struck by how "frank" he was about pricing. George didn't inflate the price or tell me what I wanted to hear. He told me what I NEEDED to hear. George priced my house to sell and we got over 5 offers in 6 days. I appreciated George's candor and the fact that his effort was second to none. He is extremely customer focused and thinks things through. He is very realistic and does not over-promise. George is extremely good at what he does." March 19, 2010

“When we were looking for a realtor in the Rancho Palos Verdes, CA area, we first started with a “Google” search. Upon finding George’s web site, we were thoroughly impressed with the comprehensive level of detail, credentials, research and the overall professionalism of the information available on his web site. As it turns out, we also asked a family friend who lives in the area for a referral and, much to our surprise, George Fotion was also their recommendation. We went ahead and scheduled an on-site consult, and we affirmatively knew that we need not look further for a real estate agent. George is a consummate professional! His honesty, tenacity, and prompt responsiveness to all of our needs throughout the real estate transaction from that first hand shake through the close of escrow were something that you do not often experience in today’s self-centered society. George’s level of service is unparalleled. He is always available to answer questions and knows the market so well that it seemed, in our case, that he could predict scenarios before they even happened. We are still astounded at the ease of the transaction considering we did not have to travel anywhere to sign documents as everything was available for review

and signature electronically. We cannot recommend George Fotion highly enough! Thank you, George!” May 19, 2009
